WORKING ENVIRONMENT

We offer a friendly, supportive and collaborative working environment where we draw on the strengths of staff members, families, students and the community to inspire instruction. Weekly staff meetings offer opportunities to listen, share ideas and have the voice you need as an educator and creativity is encouraged; our small size affords the flexibility to easily shift gears, discard what isn't working and incorporate alternative approaches as needed. We believe real learning happens with authentic experiences and teachers are expected to extend the classroom into the community for field trips and outdoor excursions.
