Students learn musical theatre skills through rehearsing and performing a kids-length musical! Classes consist of rehearsing songs, dances and scenes from the musical and participating in games and activities to learn about an actor's tools – voice, body and imagination. The session culminates in two spring performances. This enrichment class is for students interested in performing on stage, as everyone is expected to participate; please discuss this with your child prior to enrolling.

This year's musical is *Thwacked! A Fractured Fairy Tale of Frogs, Folks, and Falling Skies*. Once upon a time... Talking frogs? A falling sky? A town full of confused folk? What is really happening and who can answer these questions? The librarian? The coach? The Mayor and town council? The smart-thinking Rachel? With song, dance, and a fast moving script, *Thwacked!* unfolds to reveal these and many other delightful characters as they attempt to unravel the mystery in a fairytale world.

**For students age 8+ on 8/31/23 (if your student is 7 and interested in participating in the musical, please contact Allison Gobat, allison@bridgeschoolcoop.org) Parents are required to contribute a minimum of three volunteer hours toward the final production.*

Students increase their basic natural sciences knowledge of the outdoors such as identification of common plants/animals, knowledge of weather patterns, life cycles, ecosystems, and outdoor/wilderness safety.

Our goal is to help children develop authentic connections to the natural world and feel comfortable outdoors in all seasons. Held at Seahurst Park in Burien, WA, students have access to marine and forest ecosystems to explore. Please send kids with all weather outdoor clothing.
